COMMERCIAL APPLICATION RATES

These application rates should be used as a guide only, application rates will vary according to local soil conditions and would therefore depend on a comprehensive soil analysis.

For parks, ovals, fairways and turf 400-500kg / ha

Golf and bowling greens at renovation time 10-20kg per 100m² at establishment

For renovating and coring (15mm hole x 100mm deep) 20-40kg per 100m²

HOME GARDEN APPLICATION RATES

As a guide, one adult handfull holds about 70g. One cupful holds about 100g.

Lawns Spread 50g evenly per square metre.

Note: The application rates above should be used as a guide only.

Care should be taken using this product to note the salt tolerance of the grass species it is applied to. Tolerance varies considerably depending on variety present and age of plant.

PRECAUTIONS

Do not apply when maximum temperature is expected to reach above 30°C or when soil is dry and plants are suffering from moisture stress. Avoid excessive contact with plant foliage.

STORE IN A DRY PLACE. KEEP OUT OF REACH OF CHILDREN AND PETS.

PET SAFETY: SOME PETS MAY BE ATTRACTED TO THIS PRODUCT. STORE OUT OF REACH OF PETS. TO PREVENT CONSUMPTION AFTER APPLICATION, RAKE PELLETS INTO TOP SOIL AND WATER WELL.

NOTICE: NOT TO BE FED TO SHEEP, CATTLE, DEER, ALPACAS, GOATS OR OTHER RUMINANT ANIMALS.
