ocp.com.au

- Improves water penetration
- Boosts moisture retention
- Cuts water use
- Reduces plant stress
- 100% biodegradable

### OCP ECO-HYDRATE® WORKS IN 5 WAYS

1. Powerful soil wetter improves water penetration and absorption
2. Organic humectants attract and direct additional moisture to the roots
3. Added seaweed helps plants cope with stress related to lack of water
4. Specific amino acids assist plants to use water more efficiently
5. Fulvic and amino acids along with seaweed help improve soil structure and moisture retention

#### DIRECTIONS FOR USE

SITUATION	RATES	HOW TO USE
Turf/Lawns	20L/ha	Apply with fish mouth drench or boom spray and irrigate with 5mm water.
Garden Beds	2L/100L	Apply evenly to moist soil as a drench.
Vegetable Seedlings	10mL/L	Apply evenly across 1m <sup>2</sup> of trays.
Transplanting	10mL/L	Use as a drench after planting @ 1L/5L of planting hole.
Pot Plants, Hanging Baskets, Containers	2L/100L	Apply to moist pots/containers as a drench.

Re-apply monthly during hot weather if required. Safe for natives.

**NOTE:** Rinse off any residual product from plant foliage as eco-hydrate® only works within the soil.

**SAFETY DIRECTIONS:** Avoid contact with eyes and skin and wash hands after use.

**FIRST AID:** If poisoning occurs, contact a Doctor or Poisons Information Centre (Phone Australia 131 126).

If medical advice is needed, have product container or label at hand.

**FOR EMERGENCIES ONLY, CALL AUSTRALIA 1800 220 770 (ALL HOURS)**

**SDS:** Additional information is listed in the Safety Data Sheet available from the supplier and ocp.com.au.

For more information visit [ocp.com.au](http://ocp.com.au)

Please rinse and recycle bottle with cap.

The eco-hydrate and OCP drop devices are registered trade marks of Organic Crop Protectants.
