Surrender[®] Mosskiller

ACTIVE CONSTITUENT: 500 g/L BENZALKONIUM CHLORIDE

For control of moss, algae, lichen
and liverwort in lawns, potted plants,
garden beds and on paths, roofs and
other hard surfaces

Contents **10L**

Surrender®
Mosskiller

DIRECTIONS: See DIRECTIONS FOR USE

RESTRAINTS: DO NOT apply if rain is expected within 12 hours.
DO NOT allow spray to contact the foliage of wanted plants, except lawns.
DO NOT use around seedlings.

SITUATION	WEEDS CONTROLLED	RATE	CRITICAL COMMENTS
Bentgrass, buffalo, couch, fescues and ryegrass lawns	Algae Lichen Liverwort Moss	25 mL per litre of water over 10m ²	Ensure target area is well watered before applying. Good spray coverage is important. Broadcast or spot spraying is acceptable.
Potted ornamental plants, garden beds		10-15 mL per litre of water	Spray only over the soil to thoroughly wet the weeds. If spray accidentally contacts foliage of wanted plants, hose off within 5 minutes.
Tiled roofs, rockeries, drives, pathways		20 mL per litre of water	Spray to just wet. For heavy infestation, clean off after 40 hours and reapply.

NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION. DO NOT FEED GRASS CLIPPINGS FROM TREATED AREAS TO POULTRY OR OTHER LIVESTOCK.

GENERAL INSTRUCTIONS: Apply the product preferably by means of a pressure sprayer or knapsack sprayer. A watering can may be used but this will result in reduced coverage since it is only necessary to barely wet the weeds.

CAUTION: ROOFS: If connected to a rainwater tank, disconnect water supply to tank and allow 3-4 weeks, with a minimum of 6mm rainfall over this period, before reconnecting.

PROTECTION OF CROPS, NATIVE AND OTHER NON-TARGET PLANTS:

Contact with wanted plants and trees, except lawns, may cause severe damage. DO NOT apply under weather conditions, or from spraying equipment, that may cause spray drift onto nearby susceptible plants/crops, cropping lands or pastures. DO NOT apply to lawns on days when shade temperatures are expected to be near 30°C or higher, or when soil is dry and plants are suffering from moisture stress.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT:

DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL: Store in the closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no landfill is available, bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

SAFETY DIRECTIONS: Harmful if absorbed by skin contact or swallowed. Repeated exposure may cause allergic disorders. Corrosive. Attacks eyes and skin. Avoid contact with eyes and skin. When opening the container and using the product, wear cotton overalls over normal clothing, buttoned to the neck and wrist and a washable hat, elbow-length PVC gloves, face shield or goggles and impervious footwear. If product on skin, immediately wash area with soap and water. If product in eyes, wash it out immediately with water. Wash hands after use. After each day's use, wash gloves, face shield or goggles and contaminated clothing.

FIRST AID: If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131 126. If swallowed, do NOT induce vomiting. Give a glass of water. If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

Additional information is listed in the Material Safety Data Sheet.

FOR EMERGENCIES ONLY, CALL AUSTRALIA 1800 033 111 (ALL HOURS)

LIABILITY: This product must be used strictly as directed. Yates will not be liable for any loss or damage arising from a failure to strictly follow the directions for use.
